2.1 JACKETS

Battalion Sea Cadets (BDU wearing Cadets) need to return utility uniform jackets (blue or black jackets) this drill. These jackets were initially provided to you to support trainings or because we were in utilities for a significant period of time. You have earned the privilege of wearing BDUs by completing the requirements and that is your working uniform. Return jackets this drill so our utility wearing shipmates will have them when needed.

2.2 ITEMS NEEDED FOR DRILL

Make sure your dress uniform is clean and inspection ready. Be sure to have *all* gear listed in this document to prevent from having to leave drill/contact parents to retrieve. Report uniform is *Dress Blues* (Cadets that have not been issued Dress Blues will report in working uniform if issued).

2.3 COURSEWORK AND HOMEWORK

Coursework assigned is to be turned in at the beginning of drill. If you are unable to complete it prior to drill you will be afforded time during drill to complete it. Additionally, if you have homework we would much

3.2. ANNUAL INSPECTION

Each year units are inspected by higher authority, it is the one drill that is considered mandatory as anyone not in attendance is marked against our grade. It gives me great pride to share that we are in completion for a National award due to our successes as a unit. Although drill weekends are typically on the second weekend of the month, February's drill will be at the end of the month in order to accommodate the inspection team.
